.Sheet1!\$C\$6:\$C\$8,1)

The image shows an Excel spreadsheet with a bar chart. The chart has a vertical axis from 0 to 50 and a horizontal axis with a single data point labeled '1'. The bar is filled with a black pattern of small white dots. The 'Format Data Point' task pane is open, showing the 'Fill' tab. The 'Fill' section has the following options:

- No fill
- Solid fill
- Gradient fill
- Picture or texture fill
- Pattern fill
- Automatic
- Invert if negative
- Vary colors by point

Below these options is a grid of 48 different pattern swatches. The pattern swatch in the bottom row, second column (a black background with small white dots) is highlighted with a yellow border. Below the grid are two color selection buttons: 'Foreground Color' and 'Background Color'. At the bottom of the task pane, there is a copyright notice: '© 2012, Helen Bradley www.projectwoman.com'.
